

# GRINDSTED

## Agricultural College

### New Apprenticeship

**Take your farmer education with New Apprenticeship  
on  
Grindsted Agricultural College**

## Admission requirements

New Apprenticeship students can come from any EU country, and needs to have a training contract with a Danish farmer.

The student must be between 18 and 24 years old, and be able to understand, speak, read and write English, as the education is in English only.

## Duration

New Apprenticeship consist of 6 weeks in school taken, doing 2 years internship on the praxis farm and a farm project on the farm. If you want to be a farmer, you need to start your education to follow and pass the New Apprenticeship exam in the vocational main area Food, Agriculture and Adventures.

## Learning Activities

Biology and Science are two compulsory subjects - students have to pass the exam in one of the subjects. These two subjects are important for students to get a basic knowledge before taking the academic subjects later in the education. Students have many other subjects doing the 6 weeks in school like pig, cow, and crop. On the farm students have to pass the praxis farm exam by showing that the required skills has been obtained. Doing student praxis, a mentor from school will assist with achieving the learning goals.

## "The Year Around" Is the theme of the entire course

This means that we take month after month and look at what happens on the praxis farm. We look at what happens in the stables, workshop, fields, etc. The praxis farm is the students school project for class work in the 1st Main Course.

## Teaching methods

- ◇ Teaching in class
- ◇ Field Internship
- ◇ Workshop Internship
